| Approved: Chief Mark Belensky | Revised 05/07/22 | |

Any firefighter that has been issued “Green” tag status, will be considered an interior firefighter and will be allowed to perform all tasks including the use of SCBA. With this status, the firefighter must complete a yearly OSHA physical and be classified as a firefighter being able to wear an SCBA. Also that member must meet the requirements for OSHA and have an annual fit test. If failing any of the mentioned will result in the loss of the “Green” tag status. “Green” tag status may be revoked at anytime.
