

**UNION CENTER FIRE COMPANY**  
**OFFICERS MEETING**  
**May 8, 2011**

**PRESENT:** A. Silvestri, M. Belensky

**NOT PRESENT:** C. Hoyt, J. VanKuren, D. Hill, B. Bealo, R. Serowik, J. Hardik, T. Mason

**CALLED TO ORDER:** 7 p.m.

**OFFICER REPORTS**

**CHIEF:**

- All meters are done and everything has been put into service. CO meter is on EMS. Meter on Chief's car has been changed to a 5-gas meter. New 5-gas meter is on the Squad. Old meter is on the Pumper-Tanker.
- School has ordered the Knox box. I have the keys. This is going to be placed in the front of the building. One key will also be stored on the Squad and the other on the Chief's car.
- Regarding Boswell Hill Church tour, I talked with John. I have to give him a 2-week notice for when Mark and Dennis are off so that a tour can be arranged. I will talk to Steve about this.
- Church on Maple Drive requested a letter from me regarding runs and response times in the district. Currently the church is requesting a variance from NYS on their new building. They do not want to have sprinklers due to well water. The cost will be phenomenal; it will be double the cost with sprinklers. I have been working with Bill on this and the letter was written (Bill came and picked it up during the meeting).
- Regarding the Union-Endicott school on Taft, I talked to the principal, Michelle. The only night they can do tours is Wednesday. They are not open on Saturday and will not be able to accommodate us. I have to talk to Chris regarding a good time and get back to her on this.

**FIRST ASSISTANT CHIEF:**

- ID tag BOG was completed today and will be sent out by e-mail and will be posted. An e-mail will be sent to the members who are still in need of the ID tags. We may need to come up with other options to attaching them besides zip ties because these have been breaking too easily.
- (Discussed EMS call yesterday).
- I feel that a meeting needs to be scheduled between the officers and EMS captain and lieutenant to work out all of the issues which have been brought up recently. These issues are affecting morale.

- (Discussed issue of people coming back from leave of absences who were not in good standing when they left).
- I would like a prompt response from the chief to e-mails which are sent out by me and the other officers.
- Run cards are updated for MVAs and structure fires on Union Center side of the hill; Maine, West Corners and West Endicott. Letters of notification will be sent out this week.
- The 35-foot ladder is to remain off the rigs for now as it will only fit on Engine 1, but it has passed inspection.
